

# SULFMAN TRAININGS

**COURSE:  
COMPTIA SECURITY+**

---

# COMPTIA SECURITY+

## OVERVIEW

CompTIA Security+ is a globally trusted certification that validates foundational, vendor-neutral IT security knowledge and skills. As a benchmark for best practices in IT security, this certification training covers the essential principles of network security and risk management.

The CompTIA Security+ course is ideal for professionals who are working in the roles of system administrators, network administrators, security administrators, and IT auditors.

## PROGRAM FEATURES

- Instructor-led learning
- Covers 6 domains required to become an IT security professional
- Industry-recognized course completion certificate
- Hands-on based learning
- Exam Voucher Included
- Access to CertMaster Labs (Optional)
- Delivery Mode: Live Virtual Classroom

## MODULES

- **Module 1:** Lesson 01 – Attacks, Threats, and Vulnerabilities
- **Module 2:** Architecture and Design
- **Module 3:** Implementation
- **Module 4:** Operations and Incident Response
- **Module 5:** Governance, Risk, and Compliance

## COURSE OUTCOMES

By the end of this online CompTIA Security+ training, you will be able to:

- Assess the security posture of an enterprise environment and recommend and implement appropriate security solutions
- Monitor and secure hybrid environments, including cloud, mobile, and IoT
- Operate with an awareness of applicable laws and policies, including principles of governance, risk, and compliance
- Identify, analyze, and respond to security events and incidents
